

Rice Mill

Description

This very efficient rice mill combines hulling, bran separation and polishing in one action to produce good quality white rice. The process can be modified to produce partial brown rice . The outlet incorporates a reverse winnower which helps to remove any last chaff or bran residue.

Specification

Product Name	Rice Mill
Model Number	RM40
Production Rate	Rice: 30 - 120kg/hour
Machine Size (L*W*H)	480 x 290 x 925mm
Net weight (kg)	Approximately 45kg
Power Required	750W - 2,200W

Options

We are able to configure this machine in a variety power of formats.

DC 24V, DC 48V, DC 60V.

AC single phase, AC 3 phase.
